These Packages Do NOT include: Wireless Microphones or music for wedding ceremony, wedding planning assistance, or add-ons listed below. These can be added for an additional fee.

Package Does NOT include: add-ons. These can be added for an additional fee. Includes up to 8 hours of time, additional time at \$100 hourly rate

All packages require at least 1 Hour of setup prior to the start of the event. This is included in the final breakdown. (i.e. for a 4 hour party, the invoiced amount will be 5 hours total.) This is to ensure a perfect setup and to give us time to do proper sound checks and setup our microphones for the venue. Every venue is different and we take pride in tailoring our equipment to each venue's unique properties so that it sounds perfect without being too harsh on your guests ears.

Add-ons and Additional Services

Audio Tech/Support	Low-lying Fog	Bubble Machines	Fog/Haze Machines	Snow Machine
For Events that don't require a DJ and only require audio equipment, you can choose to include an audio tech who will remain with the equipment and make sure its working properly during the event and help things go smoothly.	Specialty fog machine creates water based fog that stay low to the ground. Perfect for entrances and first dances! Safe and non toxic, this fog dissipates quickly and is intended for indoor venues only.	Everyone loves bubbles! Millions and millions of continuous bubbles from a commercial sized bubble machine! Normal bubbles or Fog filled bubbles are available, your choice!	Commercial grade fog or haze machines create an atmosphere in any venue, useful for creating spooky environments or to create a haze for lazer and light shows! All water based and environmentally safe.	Commercial grade snow machines create a dry, no residue, snow like foam that floats through the air creating a beautiful winter ambiance, perfect for winter formals, Christmas events, etc.
