All packages require setup time prior to the start of the event. This is included in the final breakdown and separate from performance time. Rates account for both event-day execution and the planning, coordination, and preparation required in advance of the event.

Add-ons and Additional Services

Add-on services are priced separately to allow events to scale based on venue requirements, guest count, and production needs.

Audio Tech/Support	Low-lying Fog (Popular)	Bubble Machines (Popular)	Fog/Haze Machines	Snow Machine
For Events that don't require a DJ and only require audio equipment, you can choose to include an audio tech who will remain with the equipment and make sure its working properly during the event and help things go smoothly.	Specialty fog machine creates water based fog that stay low to the ground. Perfect for entrances and first dances! Safe and non toxic, this fog dissipates quickly and is intended for indoor venues only.	Everyone loves bubbles! Millions and millions of continuous bubbles from a commercial sized bubble machine! Normal bubbles or Fog filled bubbles are available, your choice!	Commercial grade fog or haze machines create an atmosphere in any venue, useful for creating spooky environments or to create a haze for laser and light shows! All water based and environmentally safe.	Commercial grade snow machines create a dry, no residue, snow like foam that floats through the air creating a beautiful winter ambiance, perfect for winter formals, Christmas events, etc.
